### Your Enquiry

Please include as many details as possible of the sign panel sizes, shapes, background colours, the wording / text you require, along with high quality copies of any crests, logo's or artwork that you would like us to include. Our designers will then work with this information to create your new school signs and will send you a colour proof and our written quotation for your consideration.

### FASTER DELIVERY TIMES

We have worked hard to improve our production times and can now offer you our PCM School Signs with new faster delivery times.

### PCM School Signs

PCM Board is a durable yet lightweight rigid sheet material which is 100% waterproof and is perfect for use either indoors or outdoors. PCM is manufactured using no less than 50% recycled materials and at the end of the signs they are 100% recyclable.

### PCM Fixing Solutions

These signs can be fitted to walls, wooden fences, fascias, PVC cladding in fact anywhere where there is a flat surface. Although we supply these panels with pre-drilled holes we can supply the panels with no holes or we can drill the holes where you specify. This is especially useful when fixing signs to wooden gates. They come complete with everything required including screws, wall plugs, and coloured screw caps.
