Your Enquiry

Please include as many details as possible of the sign panel sizes, shapes, background colours, the wording / text you require, along with high quality copies of any crests, logo's or artwork that you would like us to include. Our designers will then work with this information to create your new school signs and will send you a colour proof and our written quotation for your consideration.

FASTER DELIVERY TIMES

We have worked hard to improve our production times and can now offer our Printed PCM School Signs with new faster delivery times.

PCM Fixing Solutions

These signs can be fitted to walls, wooden fences, fascias, PVC cladding in fact anywhere where there is a flat surface. Although we supply these panels with pre-drilled holes we can supply the panels with no holes or we can drill the holes where you specify. This is especially useful when fixing signs to wooden gates. They come complete with everything required including screws, wall plugs, and coloured screw caps.

Our Prices Include:

Free initial design and any amendments until you are **100%** happy to proceed with your chosen design. Manufacture of sign panel, Pre-drilled fixing holes and a wall fixing kit.

PCM Board (PCM)

Is a lightweight yet durable PVC composite board which is 100% waterproof and is ideal for either internal or external use. The images are printed directly to the substrate using the very latest in UV digital imaging.
